

# PPE Suppliers

This is a list of local PPE vendors who have submitted their information, with very few exceptions the Rogers-Lowell Area Chamber of Commerce has not visited with these vendors and cannot substantiate any information about them. So, please check them out prior to buying anything from them. The Rogers-Lowell Area Chamber of Commerce is not recommending any of these vendors as preferred vendors. They have simply submitted this information and it has been compiled and is being shared for our Members' convenience. Each entity will be responsible for working with any of these vendors on their own and will need to check prices, quantity available and of course potential delivery time. As additional vendors are added to the list we will provide updates as it is received on the Chamber's COVID-19 Resource page. If you know of a business that is not showing on the list please have them contact Ashley Matsumura, Customer Relations Manager at the Chamber, who will work with them: [ashley@rogerslowell.com](mailto:ashley@rogerslowell.com).
