

July Appeal 2022

This July we are asking the church to raise vital funds to help nurture what is already growing and plant some vital new seeds.

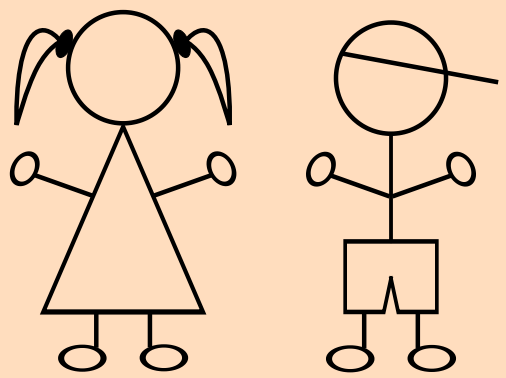

What is it for ?

Last year, thanks to your incredible generosity, as well as paying all our bills, we were able to plant many new seeds that have already started to bloom. We were able to pay for Claire's internship, bring Rebecca back off furlough early, enabling us to restart the Arts centre, and support Sandra, Bethany and David on their worship leader's course, to name just a few areas in which we have seen exciting growth.

We would love to continue to invest in those places as well as grow some new areas. With your help, we can be bold in planning for next year.

Where will your money go?

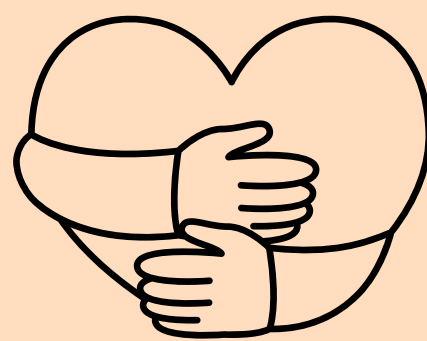

Here are some of the areas we would like to invest particularly in:

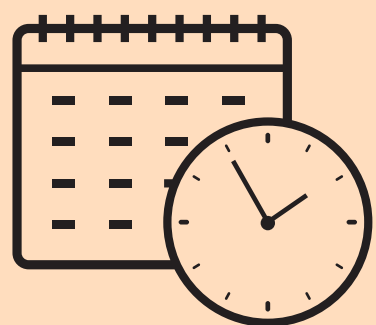

Children's ministry

Youthwork

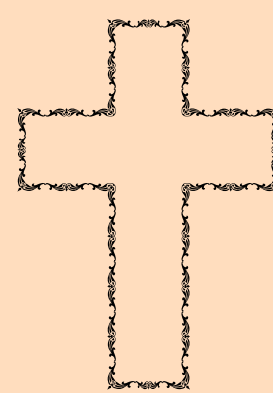

Pastoral care

Community events

Digital and streaming

Discipleship

What could you donate?

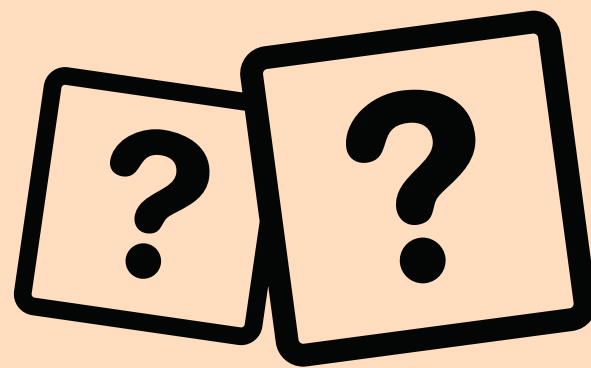

We realise that money is tight for everyone at the moment so whatever you choose to give will be gratefully received.

July to December - Fix the floor

Could you run a fundraiser with a group that you are involved with and help us start work in January 2023 on the floor and heating project?

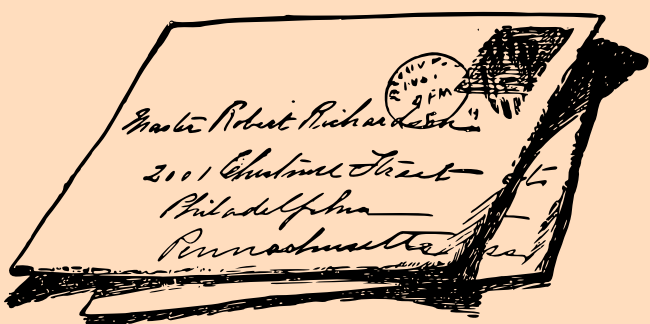

Coffee and cake sale

Run an event (Quiz night?)

Sponsored walk /swim/ silence

Write a letter to your employer or a local company

Mufti day

What could you do?

The key aim of this project is to renew our church building and make it accessible for both the church and local community for years to come.

We are tantalisingly close to starting the first part of the project this January, but we still need to raise more.

We realise the church has already given above and beyond for this project and so we are keen to explore other avenues of raising money.

We have over 20 grant applications that we are waiting to hear back from, but we need to widen the net even more.

St Andrew's is well loved and well used by so many groups in our community. Could you ask your workplace, a local business, a sports club, your school, a social group or interest group you are part of, to organise an activity to raise money for this project?

We know this project will benefit not only us but our whole community.

Together we could start work in January 2023!
