

The State of Washington

Proclamation

WHEREAS, Washington believes in clean, affordable, and readily abundant forms of energy for all; and

WHEREAS, clean energy is a crucial piece of America's energy future; and

WHEREAS, Washington's clean energy sector employs nearly 76,000 workers, meaning that more than five out of every 10 jobs in the Evergreen State's energy economy are now in clean energy industries; and

WHEREAS, Washington is the top U.S. producer of electricity from hydroelectric sources and accounts for roughly 27 percent of the nation's annual utility-scale hydroelectricity generation, and the Grand Coulee Dam is the largest power plant by generation capacity in the United States and the seventh-largest hydropower plant in the world; and

WHEREAS, Washington state has passed clean energy laws designed to reduce carbon emissions, create jobs, improve health, and ensure that all Washington communities benefit; and

WHEREAS, Washington state's clean energy economy promotes energy independence, energy security, and energy resiliency for all Washington residents; and

WHEREAS, Washington state's energy future also includes significant investments in electrical grid modernization, energy storage technologies, solar installation, energy efficiency, and electric vehicle infrastructure, with an electric grid already among the cleanest and cheapest in the nation; and

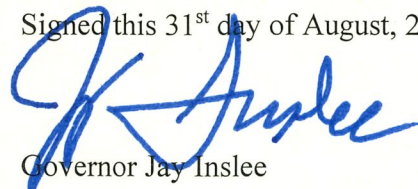

WHEREAS, Washington state is on a path to 100 percent clean electricity generation by 2045 through the Clean Energy Transformation Act; and

NOW, THEREFORE, I, Jay Inslee, Governor of the state of Washington, do hereby proclaim September 19-25, 2022, as

Clean Energy Week

in Washington, and I encourage all people in our state to join me in this special observance.

Signed this 31st day of August, 2022

Governor Jay Inslee
