POLK STATE COLLEGE

Cybersecurity Apprenticeship Accelerator

January 18

Who Should Attend:
- Employers
- HR Leaders
- Workforce Board Staff

Polk State College's new Cybersecurity Apprenticeship Program provides employers with a fast-tracked way of recruiting and training new hires and/or upskilling existing workers in critical cybersecurity skills and competencies.

Join us January 18th to hear from apprenticeship and cyber experts, and current employers using apprenticeship as a workforce development model.

Join Us!

Employers will learn how they can:
- Join Polk State's already USDOL/FLDOE-approved program without having to develop and sponsor their own program
- Provide new or current tech workers with critical cyber training through 5 self-paced, online courses aligned with multiple industry-valued certifications
- Access technical expertise and ongoing program support through USDOL partnerships
- Receive $500/apprentice direct incentive funding toward subsidized course costs for apprentices

📅 **January 18, 2022**

🕐 **8:30 - 11:30 AM**

📍 **Polk State Corporate College Auditorium**
310 Technology Ave
Bartow, FL
