

Whether you own a home in the woods or many acres of land, this “out-in-the-woods” educational event is packed with practical “how-to” information that you need to know.

Stewarding land is both rewarding and challenging. Successful management is due to the decisions you make and the actions you take. Attending the **Forest and Range Owners Field Day** will prepare you to plan and execute sound practices, enabling you to accomplish your management objectives, reduce risks, and protect your financial investment.

This event will include classes and activities led by experts in forest and range health, wildlife habitat, grazing, soils, fire protection, and timber and non-timber forest products. Presenters will be available to answer questions specific to your needs and situation. Youth activities are available throughout the day!

Come join the more than 20,000 satisfied families who have already experienced these Field Day events across the state. If you think forests and range lands are vital to the quality of life in Washington and Idaho, please pass this information along to your neighbor! This flyer is available at <http://forestry.wsu.edu>.

## Schedule

- A detailed schedule of presentations will be available on June 1 at <http://forestry.wsu.edu> or your local WSU Extension office.
- Gates open at 8 am.
- Presentations at 9 am, 10 am, 11 am, 1:30 pm, 2:30 pm, and 3:30 pm.

## About the Site

- Parking adjacent to presentation stations.
- Portable restrooms, coffee, refreshments, and drinking water are available on-site.
- Seating provided at presentation stations and lunch area.
- Walking short distances over nearly-level forested terrain is required. Dress for the weather and wear sturdy footwear.
- There will be vendors and displays.
- Van rides required to access demo stations.

## Lunch

- On-site BBQ lunch to benefit the Future Farmers of America and 4-H (\$10). One free lunch is provided with registration. Additional lunches can be purchased for \$10. *Lunches must be ordered no later than June 20.* Or, pack a lunch.

- Native American Uses of the Land
- Protecting Your Forest and Home from Wildfire
- Rangeland Health and Rehabilitation
- Realities of Selling Timber; Working with Consulting Foresters; Forest Management Planning
- Recreation and Aesthetic
- Root Rot Identification and Management

“I like to do things on my own and I’ve discovered that so do most other forest owners. Nothing motivates me more than seeing other people’s projects and learning from other landowners. It’s a bonus that all of these professionals will spend one-on-one time with me.”

~ 2022 Participant

- Site Prep, Reforestation, and Early Plantation Care
- Thinning and Pruning
- Tree and Shrub Identification
- Understanding Fish Passage at Road Crossings and using the Family Forest Fish Passage Program (FFFPP)
- Wildlife Habitat Talk and Walk

*Some topics may change. View the full course descriptions at [forestry.wsu.edu](http://forestry.wsu.edu).*

Youth activities, Native Plant Nursery Tours, and Small-Scale Forestry Demos available throughout the day.
