(6) Articles to be entered under these regulations which arrive at ports other than Dallas shall be entered for immediate transportation without appraisement to the latter port in the manner provided by the general customs regulations.

(7) Articles which have been admitted without payment of duty for exhibition under any tariff law and which have remained in continuous customs custody or under a customs exhibition bond may be transferred to entry for exhibition at the Greater Texas and Pan-American Exposition in the manner prescribed in article 446 (c) of the Customs Regulations of 1931, except that in each case an entry under paragraph (8) of these regulations shall be filed, which shall supersede any previous entry, and no new bond other than that specified in paragraph (3) shall be required. Imported articles in bonded warehouses under the general tariff law may be transferred to entry for exhibition at the Greater Texas and Pan-American Exposition in the manner prescribed in article 318 of the Customs Regulations of 1931, as amended by (1934) T. D. 47021 and (1936) T. D. 48505.

(8) Upon the arrival at the port of Dallas of articles to be entered under these regulations the same should be entered on a special form of entry to-read substantially as follows:

Entry for Exhibition

Entry No. -----

Entry at the port of Dallas of articles consigned or transferred to the Greater Texas and Pan-American Exposition under ----- I. T. No. ----- ex S. S. ----- from ----- on the ----- day of ----- 1937, for exhibition purposes under Public Resolution No. 16 of the Seventy-fifth Congress, approved March 27, 1937.

By -----

(9) Upon such entry being made, the deputy collector shall issue a special permit for the transfer of the articles covered thereby to the buildings in which they are to be exhibited or used, or, in the discretion of the deputy collector, to the appraiser's stores for examination and subsequent transfer to the buildings in which they are to be exhibited or used. Upon the receipt of the articles at such buildings or at the appraiser's stores, the same shall be given a tentative appraisal prior to their exhibition or use. All imported exhibits so received in such buildings shall be kept segregated from domestic articles and imported duty-paid articles and shall not be removed from the exhibition building except in accordance with paragraph (11) of these regulations.

(10) If for any reason articles imported for entry under these regulations are not upon their arrival to be delivered immediately at an exhibition building, the importer should so indicate to the deputy collector in writing, who will cause such articles to be placed in a bonded warehouse under a "general order permit" at the importer's risk and expense, and such articles may be entered at any time within one year from the date of importation for exhibition, as herein provided, or under the general tariff law, or for exportation. If not so entered within such period they will be regarded as abandoned to the Government.

(11) Any articles entered under these regulations may be withdrawn for exportation, for abandonment to the Government, destruction under customs supervision, or for consumption or entry under the general tariff law, but not

otherwise, at any time during or within three months after the close of the exposition. Upon the withdrawal of such articles for consumption or for entry under the general tariff law, or at the expiration of three months after the close of the exposition in the case of articles not previously so withdrawn, they shall be appraised with due allowance made for diminution or deterioration from incidental handling or exposure. Such appraisal shall be final in the absence of an appeal to reappraisal, as provided in section 501 of the Tariff Act of 1930 (U. S. C., title 19, sec. 1501). In the case of such articles withdrawn for entry under the general tariff law under a warehouse bond or a bond conditioned upon exportation, the statutory period of the bond and any extension thereof shall be computed from the date of withdrawal.

(12) At any time during or within three months after the close of the exposition, any article entered hereunder may be abandoned to the Government or destroyed under customs supervision, as provided in article 810 of the Customs Regulations of 1931, as amended by (1936) T. D. 48099.

(13) Any articles entered under these regulations which have not been withdrawn for consumption, entry under the general tariff law, or exportation, or which have not been abandoned to the Government or destroyed under customs supervision, before the expiration of three months after the close of the exposition, shall be regarded as abandoned to the Government.

(14) All entries under these regulations shall be made in the name of the Greater Texas and Pan-American Exposition, which shall be deemed for customs purposes the sole consignee of the merchandise entered under the act and which shall be held responsible to the Government for all duties and/or charges due the United States on account of such entries; but, in the case of merchandise withdrawn from entry under these regulations, an entry under the general tariff law, in the name of any person duly authorized in writing by the Greater Texas and Pan-American Exposition to make such entry, may be accepted by the deputy collector, and the bond of the Greater Texas and Pan-American Exposition shall thereafter be considered as collateral security for any duties and/or charges accruing on the merchandise covered by any such entry, unless the entry is for permanent exhibition, in which case the liability of the Greater Texas and Pan-American Exposition under its bond with respect to the articles covered by such entry, shall be terminated when the security required by the general tariff law has been given.

(15) The marking requirements of the Tariff Act of 1930 and the regulations promulgated thereunder will not apply to articles imported under these regulations except when such articles are withdrawn for consumption or use in the United States, in which case they shall be released from customs custody only upon a full compliance with the marking requirements of the tariff act and the regulations promulgated thereunder. No additional duty shall be assessed because such articles were not properly marked when imported into the United States.

AMENDMENT OF REGULATIONS GOVERNING UNITED STATES SAVINGS BONDS

APRIL 23, 1937.

To Owners of United States Savings Bonds, and Others Concerned:

1. Section VI of Department Circular No. 530, Revised, Dated December 16, 1936, is hereby amended to read as follows:

¹ F. R. 2558.

VI. GENERAL PAYMENT PROVISIONS

1. Savings bonds will be payable at or after maturity at their full value, or, at the option of the owner, will be redeemed prior to maturity (but not within 60 days after the issue date) at the appropriate redemption value as shown on the face of each bond. In order to secure payment the owner should present and surrender the bond as hereinafter provided (see paragraphs 6, 7 and 8 of this section), with the request for payment appearing on the back of the bond properly executed in accordance with the succeeding paragraphs.

2. The request for payment must be signed in ink or indelible pencil by the person in whose name the savings bond is inscribed or by the person entitled to receive payment under the provisions hereof. No request signed in behalf of the owner by an agent or a person acting under a power of attorney will be recognized by the Treasury Department. If the name of the owner or person entitled to receive payment, as it appears in the inscription, has been changed by marriage, or in any other legal manner, the signature to the request for payment should show both names and in the manner in which the change was made, as, for example, "Miss Mary T. Jones, now by marriage Mrs. Mary T. Smith". In the case of a change of name through divorce or by order of court, the request must be supported by a certified copy of the divorce decree or order of court.

3. The request for payment must be signed in the presence of, and be certified by, one of the following officers:

(a) Any United States postmaster, acting postmaster, or inspector in charge of a post office, or—

(1) At any post office of the first class (main office), the assistant postmaster, the postal cashier, superintendent of money orders, money order cashier, assistant cashier, bookkeeper, or foreman;

(2) At any post office of the second or third class the assistant postmaster or, if there is none, the clerk temporarily in charge of the office;

(3) At any classified branch or station the superintendent, assistant superintendent, assistant cashier, bookkeeper, foreman, clerk in charge, or employee temporarily in charge.

If any of the above designated post office officials other than a postmaster, acting postmaster, or inspector in charge of an office certifies to a request for payment, he should certify in the name of the postmaster, acting postmaster, or inspector in charge, followed by his own signature and official title, as, for example, "John Doe, postmaster, by Richard Roe, postal cashier". In the case of a clerk in charge of an office, branch, or station, the official title should be followed by the name of such office, branch, or station, as, for example, "John Doe, postmaster, by Richard Roe, clerk in charge, Main Street Station". The certification of any post office official must be authenticated by a legible imprint of a dating stamp of his post office.

(b) Any executive officer of an incorporated bank or trust company, whose signature must be authenticated by a legible impression of the corporate seal of the bank or trust company.

(c) Any officer authorized generally to witness assignments of United States registered bonds (see paragraphs 33-35, Department Circular No. 300, as amended).

4. No person authorized to certify requests for payment may certify a request for payment of a bond of which he is the owner, or in which he has an interest, either in his own right or in any representative capacity.

5. Certifying officers should require positive identification of the person executing the request for payment as the person whose name appears on the face of the bond, or the person entitled to request payment under the provisions of these regulations, and will be held fully responsible therefor.

6. If a savings bond is registered in the name of a natural person in his own right (see Section I, paragraph 2 (a)), or in the name of an incorporated or unincorporated body in its own right (see Section I, paragraph 2 (c)), and payment is to be made to the registered owner, the bond, after the request for payment has been duly executed as above provided, should be presented and surrendered to a Federal Reserve bank, or to the Treasurer of the United States, Washington, D. C.

7. If a savings bond is registered in the name of a fiduciary (see Section I, paragraph 2 (b)), or if payment is to be made to any person other than the registered owner, the bond, after the request for payment has been duly executed as above provided, should be presented and surrendered to the Treasury Department, Division of Loans and Currency, Washington, D. C., either direct or through any Federal Reserve bank.

8. In all cases presentation will be at the expense and risk of the owner, and, for his protection, the bonds should be forwarded by registered mail if not presented in person. Payment will be made by issuance of a check drawn to the order of the owner or other person entitled to payment and mailed to him at the address given in his request for payment.

2. The Secretary of the Treasury reserves the right to withdraw or amend this amendment at any time.

 1937 Acreage of Soil-Conserving Crops

Section 5 of Part I of East Central Region Bulletin No. 101—Tennessee,¹ is hereby amended by the addition of the following, at the end of the first paragraph thereof:

Notwithstanding the foregoing provisions of this section 5, in the event (1) that all of the cropland on the farm is used in 1937 for the production of soil-conserving or soil-depleting crops; (2) that the 1937 acreage of soil-conserving crops on the farm is less than the minimum acreage of soil-conserving crops for the farm; and (3) that the County Committee finds it is not practicable, because of the effects of flood, drouth or other unfavorable weather conditions, for the 1937 acreage of soil-conserving crops to equal the minimum acreage of soil-conserving crops for the farm; no deduction will be made for such part of the deficiency as the County Committee finds is due to an increase in the acreage of soil-depleting crops grown to replace a shortage of feed crops on the farm caused by flood, drouth or other unfavorable weather conditions in 1936 or 1937.

In testimony whereof, H. A. Wallace, Secretary of Agriculture, has hereunto set his hand and caused the official seal of the Department of Agriculture to be affixed in the City of Washington, District of Columbia, this 7th day of May, 1937.
