

CATEGORIES OF INDIVIDUALS COVERED BY THE SYSTEM:

The OLEM CRM will contain information on all organizations participating in OLEM initiatives. Categories of individuals on whom records are maintained in the system include those that serve as contacts for or representatives of organizations participating in these initiatives.

CATEGORIES OF RECORDS IN THE SYSTEM:

Information includes organization name, address, phone number, website, and social media handles; individual information for organizational contacts including name, title, address, email, and phone number; correspondence history between EPA and the organization; organization's participation history in OLEM initiatives; and documents associated with correspondence or participation.

RECORD SOURCE CATEGORIES:

Information contained in the OLEM CRM will be submitted to EPA from the participating organizations via direct data entry into the OLEM CRM, email, or phone.

ROUTINE USES OF RECORDS MAINTAINED IN THE SYSTEM, INCLUDING CATEGORIES OF USERS AND PURPOSES OF SUCH USES:

The routine uses below are both related to and compatible with the original purpose for which the information was collected. The following general routine uses apply to this system (86 FR 62527): D, E, G, H, K, L and M.

POLICIES AND PRACTICES FOR STORAGE OF RECORDS:

OLEM CRM records are maintained electronically by EPA on electronic storage devices by the Office of Mission Support, U.S. Environmental Protection Agency, 1301 Constitution Ave. NW, Washington, DC 20460.

POLICIES AND PRACTICES FOR RETRIEVAL OF RECORDS:

Information in the OLEM CRM is retrieved by organization name, however, information is also retrievable by searching the point of contact name for each organization.

POLICIES AND PRACTICES FOR RETENTION AND DISPOSAL OF RECORDS:

The record schedule for the OLEM CRM is 0090 which is Administrative Support Databases. For disposition instructions the OLEM CRM follows record schedule 1012 e, which states that records should be closed when superseded, updated, replaced or no longer needed for current agency business. The disposition instructions

are to destroy the records one year after file closure.

ADMINISTRATIVE, TECHNICAL, AND PHYSICAL SAFEGUARDS:

Security controls used to protect personal data in the OLEM CRM are commensurate with those required for an information system rated MODERATE for confidentiality, integrity, and availability, as prescribed in National Institute of Standards and Technology (NIST) Special Publication, 800-53, "Security and Privacy Controls for Information Systems and Organizations," Revision 5.

1. *Administrative Safeguards:* All individuals accessing the system are required to complete annual privacy and security trainings. In addition, all users will be trained on the appropriate use of the system and system information.

2. *Technical Safeguards:* There are limited access rights for EPA program staff and contractors. Each user will ensure that the information is being properly used. System administrators will grant users specific access levels. All users of the system are given a unique user identification (ID) with personal identifiers, and all interactions between the system and the authorized individual users are logged. Activity logs are maintained and can be used to track misuse of information.

3. *Physical Safeguards:* All records are maintained in secure, access-controlled areas or buildings.

RECORD ACCESS PROCEDURES:

All requests for access to personal records should cite the Privacy Act of 1974 and reference the type of request being made (*i.e.*, access). Requests must include: (1) the name and signature of the individual making the request; (2) the name of the Privacy Act system of records to which the request relates; (3) a statement whether a personal inspection of the records or a copy of them by mail is desired; and (4) proof of identity. A full description of EPA's Privacy Act procedures for requesting access to records is included in EPA's Privacy Act regulations at 40 CFR part 16.

CONTESTING RECORD PROCEDURES:

Requests for correction or amendment must include: (1) the name and signature of the individual making the request; (2) the name of the Privacy Act system of records to which the request relates; (3) a description of the information sought to be corrected or amended and the specific reasons for the correction or amendment; and (4) proof of identity. A full description of

EPA's Privacy Act procedures for the correction or amendment of a record is included in EPA's Privacy Act regulations at 40 CFR part 16.

NOTIFICATION PROCEDURES:

Individuals who wish to be informed whether a Privacy Act system of records maintained by EPA contains any record pertaining to them should make a written request to the EPA, Attn: Agency Privacy Officer, MC 2831T, 1200 Pennsylvania Ave. NW, Washington, DC 20460, or by email at: privacy@epa.gov. A full description of EPA's Privacy Act procedures is included in EPA's Privacy Act regulations at 40 CFR part 16.

EXEMPTIONS PROMULGATED FOR THE SYSTEM:

None.

HISTORY:

None.

Vaughn Noga,

Senior Agency Official for Privacy.

ENVIRONMENTAL PROTECTION AGENCY

[EPA-R10-OW-2022-0418; FRL-9860-03-R10]

Proposed Determination To Prohibit and Restrict the Use of Certain Waters Within Defined Areas as Disposal Sites; Pebble Deposit Area, Southwest Alaska; Announcement To Extend the Period To Evaluate Public Comments

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice to extend the period to evaluate public comments.

SUMMARY: The Environmental Protection Agency (EPA) Region 10 is extending the time requirement to allow the EPA Region 10 Regional Administrator to consider all public comments received on its 2022 Proposed Determination to Prohibit and Restrict the Use of Certain Waters within Defined Areas as Disposal Sites; Pebble Deposit Area, Southwest Alaska, issued pursuant to the Clean Water Act (CWA).

SUPPLEMENTARY INFORMATION: On May 26, 2022, the Environmental Protection Agency (EPA) Region 10 published in the **Federal Register** a notice of availability and notice of public hearings for the 2022 Proposed Determination to Prohibit and Restrict the Use of Certain Waters Within Defined Areas as Disposal Sites; Pebble Deposit Area, Southwest Alaska issued pursuant to Section 404(c) of the Clean

Water Act (CWA) (87 FR 32021). On June 16 and 17, 2022, the EPA Region 10 held three public hearings. Of the 186 individuals that attended the public hearings 111 provided testimony. On June 30, 2022, the EPA published in the **Federal Register** a Notice of extension of public comment period and public hearing comment period through September 6, 2022 (87 FR 39091). As of August 24, 2022, the EPA Region 10 had received 35,011 comments and expects to receive additional comments through the end of the public comment period.

EPA's regulations require that, within 30 days after the conclusion of public hearings (but not before the end of the comment period), the Regional Administrator either withdraw the 2022 Proposed Determination or prepare a Recommended Determination (40 CFR 231.5(a)). The Regional Administrator may, upon a showing of good cause, extend this time requirement (40 CFR 231.8). At the time the public comment period closes, more than 30 days will have passed since the date of the last public hearing. Accordingly, the EPA finds there is good cause to extend the time period provided in 40 CFR 231.5(a) to either withdraw the 2022 Proposed Determination or to prepare a Recommended Determination until no later than December 2, 2022, to help ensure full consideration of the extensive administrative record including all public comments.

FOR FURTHER INFORMATION CONTACT: Visit www.epa.gov/bristolbay or contact Erin Seyfried through the Bristol Bay-specific phone line, (206) 553-0040, or email address, r10bristolbay@epa.gov.

Dated: August 29, 2022.

Casey Sixkiller,

Regional Administrator, Region 10.

EXPORT-IMPORT BANK OF THE UNITED STATES

Intent To Conduct a Detailed Economic Impact Analysis

AGENCY: Export-Import Bank.

ACTION: Notice.

SUMMARY: Pursuant to the Charter of the Export-Import Bank of the United States, this notice is to inform the public that the Export-Import Bank of the United States has received an application for a \$49.06 million long-term loan (or loan guarantee) to support the export of approximately \$36.34 million worth of U.S. engineering services and refining equipment. The

U.S. goods and services will be exported to Indonesia and expand production capacity of refined petroleum. Added capacity from the project is anticipated to produce an additional 100.4 thousand barrels per day of gasoline and 225 thousand metric tons per year of propylene. Produced gasoline and propylene are anticipated to be consumed in Indonesia.

DATES: Comments are due 14 days from publication in the **Federal Register**.

ADDRESSES: Interested parties may submit comments on this transaction electronically on www.regulations.gov, or by email to economic.impact@exim.gov.

Eric Larger,

Office of Policy Analysis and International Relations.

BILLING CODE 6690-01-P

FEDERAL COMMUNICATIONS COMMISSION

[FR ID: 103359]

Privacy Act of 1974; Matching Program

AGENCY: Federal Communications Commission.

ACTION: Notice of a new matching program.

SUMMARY: In accordance with the Privacy Act of 1974, as amended ("Privacy Act"), this document announces a new computer matching program the Federal Communications Commission ("FCC" or "Commission" or "Agency") and the Universal Service Administrative Company (USAC) will conduct with the Missouri Department of Social Services. The purpose of this matching program is to verify the eligibility of applicants to and subscribers of Lifeline, and the Affordable Connectivity Program (ACP), both of which are administered by USAC under the direction of the FCC. More information about these programs is provided in the **SUPPLEMENTARY INFORMATION** section below.

DATES: Written comments are due on or before October 6, 2022. This computer matching program will commence on October 6, 2022, and will conclude 18 months after the effective date.

ADDRESSES: Send comments to Elliot S. Tarloff, FCC, 45 L Street NE, Washington, DC 20554, or to Privacy@fcc.gov.

FOR FURTHER INFORMATION CONTACT: Elliot S. Tarloff at 202-418-0886 or Privacy@fcc.gov.

SUPPLEMENTARY INFORMATION: The Lifeline program provides support for discounted broadband and voice services to low-income consumers. Lifeline is administered by the Universal Service Administrative Company (USAC) under FCC direction. Consumers qualify for Lifeline through proof of income or participation in a qualifying program, such as Medicaid, the Supplemental Nutritional Assistance Program (SNAP), Federal Public Housing Assistance, Supplemental Security Income (SSI), Veterans and Survivors Pension Benefit, or various Tribal-specific federal assistance programs.

In the Consolidated Appropriations Act, 2021, Public Law 116-260, 134 Stat. 1182, 2129-36 (2020), Congress created the Emergency Broadband Benefit Program (EBBP), and directed use of the National Verifier to determine eligibility based on various criteria, including the qualifications for Lifeline (Medicaid, SNAP, etc.). EBBP provided \$3.2 billion in monthly consumer discounts for broadband service and one-time provider reimbursement for a connected device (laptop, desktop computer, or tablet). In the Infrastructure Investment and Jobs Act, Public Law 117-58, 135 Stat. 429, 1238-44 (2021) (codified at 47 U.S.C. 1751-52), Congress modified and extended EBBP, provided an additional \$14.2 billion, and renamed it the Affordable Connectivity Program (ACP). A household may qualify for the ACP benefit under various criteria, including an individual qualifying for the FCC's Lifeline program.

In a Report and Order adopted on March 31, 2016 (81 FR 33026, May 24, 2016) (*2016 Lifeline Modernization Order*), the Commission ordered USAC to create a National Lifeline Eligibility Verifier ("National Verifier"), including the National Lifeline Eligibility Database (LED), that would match data about Lifeline applicants and subscribers with other data sources to verify the eligibility of an applicant or subscriber. The Commission found that the National Verifier would reduce compliance costs for Lifeline service providers, improve service for Lifeline subscribers, and reduce waste, fraud, and abuse in the program.

The Consolidated Appropriations Act of 2021 directs the FCC to leverage the National Verifier to verify applicants' eligibility for ACP. The purpose of this matching program is to verify the eligibility of Lifeline and ACP applicants and subscribers by determining whether they receive SNAP and Medicaid benefits administered by
