## Welcome to Winter!

Enrichment and career development classes from Personal & Professional Learning at Schoolcraft College provide you with multiple opportunities to explore passions, acquire new skills, and expand your interests. As in-person activities increase in popularity once again, we are growing our program areas and offering over 30 new courses this semester.

A favorite winter activity is wine tasting and we have added **Wines of Bordeaux**, **White Wines of the Southern Hemisphere**, and **Wines from Regions Less Traveled** to our lineup. We also expanded our dance courses to include classes for parents to learn right along with their children in **New Skool vs. Old Skool** and **Move to the Music**.

Winter is the semester in which courses begin for our Event Planning certificate. According to the Bureau of Labor Statistics, employment of meeting, convention, and event planners is projected to grow 18 percent from 2021 to 2031, much faster than the average for all occupations. Enroll in both **Introduction to Event Planning** and **Wedding Planning: Creating the Memories of a Lifetime** and you'll soon be on your way to an exciting new career!

Please call us with any questions at 734-462-4448 or check out our video demonstrating how to register for PPL classes [schoolcraft.edu/ppl/how-to-register](https://schoolcraft.edu/ppl/how-to-register). We look forward to seeing you soon!

## KIM DALRYMPLE Chinese Instructor

Since childhood, Kim has been fascinated by foreign languages, so it was natural for her to major in German while an undergraduate at Indiana University. Not content with just two ways to speak, she learned Chinese at the same time, and voilà! Her future life course got under way!

After graduating, she went to Taiwan to sharpen her language skills and promptly fell in love with the people and their way of life. That's why she lived in Taiwan and China for the next seven years, learning Chinese and teaching English.

Following her return to the States, she studied for an M.A. in Chinese literature at the University of Michigan. When she received her degree, she discovered language teaching was her real passion, so she embarked on her next adventure: teaching Chinese at Schoolcraft College!

Kim had so much fun in her classes that she decided to write a textbook, *Dancing with Dragons: Leap into the Chinese Language*. She now uses it as her number 1 resource to teach Schoolcraft College students.

With *Dancing with Dragons* in hand, Kim shows learners how to carry out everyday tasks, such as greeting people or ordering dishes in a restaurant. She also clearly and animatedly explains culture, grammar, and pronunciation. She ushers in a panoply of upbeat practice activities, too. And in her Level 2 class, she begins to introduce the captivating features of Chinese characters.

Regardless of what she is teaching, Kim wants her students to feel happy, relaxed and to learn in an environment most favorable to them. That's why she offers a hy-flex class, allowing students to choose whether to join her in person (at the college) or on Zoom (from the comfort of their own homes).

Either way, there is only one prerequisite for Kim's class: to get ready for fun — no matter whether a student's future includes the Great Wall of China or the boardroom of a Chinese company!
