

Electric Mobility Devices Pilot Trial

The Transport Department (TD) and Hong Kong Science and Technology Parks Corporation will jointly carry out a pilot trial for Electric Mobility Devices (EMDs) at a section of cycle track between University MTR station and Fo Yin Road to understand the scenario of using EMDs (e.g. E-scooters and power assisted pedal cycles) for short-distance commuting purpose.

Only registered participants and EMDs issued with a “Movement Permit” by TD are allowed to ride within the specified dates and area.

Date: Starting from 23 May 2022
for 6 months

Area: **Marked in blue** on the
inset map

Reminders:

- During the trial period, conventional bicycles and pedestrians crossing the cycle track can enter the trial extent as usual.
- Ambassadors and staff present on site at times will provide assistance.
- Appropriate traffic signs, notice signs and banners will be displayed on site for public's easy identification of the extent of the trial.
- **No on-site registration for the trial.**
- **Using EMDs without license or Movement Permit is an offence.**
- The issuance of Movement Permit to participants is a one-off arrangement and will only be applicable to this trial.

Please call 5530 3293 for enquiries.
